# MARKHAM E. DALY

CYBERSECURITY ANALYST | EMAIL SECURITY • IT RISK

## SKILLS

- Network Security & Segmentation
- Vulnerability Assessment
- Email Auth (DMARC · SPF · DKIM)
- DNS Analysis & Reconnaissance
- HubSpot CRM & Client Management
- Linux & Windows Administration
- Python & Bash Scripting
- Client Engagement & Communication
- Compliance & Risk Management

## EXPERIENCE

### ● Sendmarc | Remote

APRIL 2026 - PRESENT

Email Security Analyst

- Performed sender discovery and categorization to inform SPF/DKIM alignment and DMARC policy recommendations across enterprise accounts
- Supported DMARC policy rollouts (none to reject) across multi-domain clients exceeding 100 domains
- Resolved customer support tickets related to DNS configuration, deliverability issues, and email authentication troubleshooting
- Supported sales team with DNS-based prospecting and opportunity analysis, identifying spoofing vulnerabilities in target accounts
- Conducted outbound outreach leveraging domain health data to surface email security gaps to prospective clients

### ● U.S. Port Security | Albany, NY & Tampa, FL

JUNE 2025 - AUGUST 2025

IT & Cybersecurity Intern

- Contributed to development of a FEMA security grant application and assisted in cyber compliance planning in accordance with Coast Guard NVIC 02-24
- Conducted penetration testing and vulnerability analysis on local web applications using ZAP and Nmap
- Observed configuration and troubleshooting of Cisco switches, firewall rules, and network segmentation practices alongside enterprise IT teams
- Gained physical security exposure across full port environments (Land & Sea), broadening perspective on holistic infrastructure protection

### ● Keeler Mercedes-Benz | Latham, NY

MAY 2023 - MAY 2025

Product Specialist & Concierge

- Direct high profile client engagement; tailoring walkthroughs to client preferences
- Managed full client journey from outreach to showroom visits and conversion
- Translated technical information into clear, tailored guidance for each customer

## EXTRACURRICULAR

### ● Cyber Defense Organization

AUGUST 2025 - DECEMBER 2025

- Participated in Red Team vs. Blue Team cybersecurity competition, protecting Linux systems from threats
- Practical hands on experience with common networking tools, operating systems and cyber practices, engaging with senior professionals
- Exposure to emerging trends in weekly workshops

### ● Golf Team | Hudson Valley Community College

DECEMBER 2022 - MAY 2023

- Voted captain by peers, as a freshman
- Learned discipline and teamwork from competitive training
- Earned an Academic Award for performance on and off the course
